

**DEPARTMENT OF MICROBIOLOGY
CENTRAL UNIVERSITY OF TAMIL NADU**

PhD Admissions -2026-2027

Name of the Candidate: BHUVANA R

S.No	Faculty Name	Area of Research	Preference[#]
1	Dr. Suchitra Rakesh	Algal biofuel production, downstream processing, fermentation, phytoremediation, biological wastewater treatment, biosorption, microbial fuel cells, biofuels, adsorption of heavy metals	1
2	Dr. Kaushik Rajaram	Antimicrobial Resistance (AMR), antimicrobial nanomaterials, polymers, phage therapy, antimicrobial peptides, scaffolds for wound healing	2
3	Dr. Kavya Bakka	Mitochondrial stress-mitigating proteins, ROS-quenching proteins, molecular genetics using <i>Saccharomyces cerevisiae</i> , PGPR, plant-PGPR interactions and plant probiotic consortia	3
4	Dr. Amit Kumar Bajhaiya	Transcriptional engineering of microalgae, secondary metabolite production, stress-induced metabolites, transcriptional regulation, carbon sequestration, lipid/carbohydrate/protein metabolism	4
5	Dr. D. Siva Sundara Kumar	Fungal Pathogenesis, Candida Biofilms, Antifungal/Antiviral Therapeutics	5
6	Dr. Ramanan P	Molecular Biology, Inflammation, ER Stress, Oxidative Stress, Neurodegeneration	6
